We can effectively manage all of your requests, enabling you to focus exclusively on what you **do best—patient care**. Our Billing Division Specialists will provide a customized plan that works best for your business. RSVP Consulting is your umbrella policy to better practice. We provide accounting analysis, financial strategies and workflow studies to optimize efficiency. Partner with RSVP today to reach financial goals and add value to your service while maintaining your autonomy.

Today's details associated with medical billing and practice management have become extremely complicated. The AMA comments **"a medical billing service helps physicians save time and increase profitability by reducing billing expense and increasing revenue."*** At RSVP, we partner with you to maintain excellence by streamlining overhead costs and providing seamless billing. RSVP is your management solution.

RSVP helps simplify your life by reducing stress related to billing, collections, payments, compliance, and employee turnover. While maintaining the integrity of your practice our team of professionals focus on the financial side of your business. We provide a unique program, which offers all of the benefits of outsourcing with a personal touch. We will provide your office staff with accurate, precise and immediate information on the latest industry-related changes as well as ongoing training.

We pride ourselves in assuring quick recovery of receivables. At RSVP you are the priority of the day. We will deal with the red tape to lighten your work load and improve your cash flow.

Benefits of partnering with RSVP

Work Flow

RSVP improves your efficiency related to billing and collections, offering the latest in technology and secure system backup. Making the switch saves you both time and money.

HIPAA Compliant

RSVP is covered under the HIPAA law, therefore, we are required to comply and remain current on all ongoing changes. Our software is HIPAA compliant and has been a leader in the industry for over 30 years.

Improve your cash flow

Your work is always our priority! Data entry and/or electronic downloads are handled immediately to expedite processing. Billing is handled daily. Internal audits are conducted weekly. Our practices ensure our staff maintains the highest quality service and performance. We enhance collections by including a skip tracing process: to provide you with a constant and steady cash flow.

Financial Reporting

RSVP provides you with comprehensive financial reports and tracks your progress to help build your business.

Professional Staffing

Leave this to us; instead of having a limited staff manage your office billing, with RSVP, you gain a team of highly experienced specialists dedicated to meeting your financial goals. We offer you continuous service: no sick days, vacation, or staff turnover concerns. RSVP is at your service, always!

Best Practice

Implementation of progressive thinking and cutting edge technological improvements from a wealth of up-to-date information. One person alone may not have all the resources necessary to effectively manage your department. It is our goal to provide you with superior service through the utilization of advanced technology and best practice. We think outside the box!

Stability & Flexibility

Employees come and go. With RSVP, you can build upon your business without increasing fixed overhead costs.

Transition is seamless

RSVP uses state-of-the-art technology at a price you can afford! Make an essential decision to incorporate RSVP, a value-based Company, as your total billing solution.
